## Dear Applicant,

Thank you for your interest in the role of Head of Governance and Corporation Secretary at New College Durham. As Chair, I am immensely proud of New College Durham. The College is a vibrant place, has exceptional staff and students, and works in partnership with extraordinary employers. We have an enviable track record of achievement for both further and higher education students which is supported by first class industry-standard facilities, and outstanding links with employers and other stakeholders. We have positioned ourselves as a College that makes a significant and sustained contribution to the development of the North East region's economy, skills and employment.

As a progressive and continuously improving College, we have many strengths and opportunities. Our quality continues to be amongst the highest in the sector; our new multi-million pound Institute of Technology is open; the base of employers we work with is strong; and we have a track record of managing our staffing and finances exceptionally well. We were one of the few colleges in the country to pilot T levels and are the lead member of the North East Institute of Technology. Currently we have ambitious plans for capital investment to support the delivery of further T-levels and the development of our sports facilities. With already well-established Foundation Degree Awarding Powers, we are working to secure Degree Awarding Powers.

The North East is an excellent place to live and work. At its heart lies the historic and thriving city of Durham with its beautiful architecture. There is stunning countryside with a broad cultural base offering an outstanding quality of life.

One of the cornerstones of our success is the Governance arrangements which operate at the College. The successful candidate will bring valuable support and stewardship to our dynamic and forward-looking Corporate Board.

We seek an exceptional individual for the post of Head of Governance and Corporation Secretary. Details of the role are contained in the candidate information pack. If you feel you meet the requirements of the person specification for this exciting role, we would be delighted to hear from you.

We look forward to receiving your application.

Christine Warren

The Articles of Government place responsibility on the Corporation for determining the educational character and mission of the College, oversight of its activities, setting the strategic direction, effective and efficient use of resources, maintaining its solvency, safeguarding its assets, approving budgets and establishing a broad framework within which the College is to develop and operate. Corporation has a strategic and monitoring role, and the College Principal and the senior team manage the day-to-day operations.

The Corporation meets at least 6 times a year. It operates through a structure of committees that have clearly defined terms of reference. The Committees of the Corporation are:

- » Strategy & Resources Committee
